## **Hunting The Dark Knight: Twenty-First Century Batman** Brooker Will

Publishing to coincide with Christopher Nolan's third Batman movie, *The Dark Knight Rises*, in July 2012, Will Brooker's new book explores Batman's twenty-first century incarnations. Brooker's investigation into *Batman Begins* and *The Dark Knight* uncovers the complex relationship between popular films, audiences, and producers in our age of media convergence. He addresses a myriad of questions raised by these films: did *Batman Begins* end when *The Dark Knight* began? Does its story include Burger King's 'Dark Whopper', the *Gotham Knight* DVD, or the 'Why So Serious' viral marketing campaign? Is it separate from the parallel narratives of the *Arkham Asylum* videogame, the monthly comic books, the animated series and the graphic novels? Can the brightly campy incarnations of the Batman ever be fully repressed by *The Dark Knight*, or are they an intrinsic part of the character? In other words, do all of these various manifestations feed into a single Batman metanarrative?
