Research Handbook on European Social Security Law (Research Handbooks in European Law series)

Frans Pennings, Gijsbert Vonk

The *Research Handbook on European Social Security Law* critically examines the various European dimensions of social security. The collection discusses a wide range of questions and dilemmas ensuing from the present state of European social security law, whilst at the same time identifying future lines of inquiry that are likely to dominate the discourse in the coming years.

This *Handbook* encompasses numerous dimensions of European social security law, including: social security as a human right; standard setting in social security; the protection of mobile persons and migrants; as well as the global context of European social security law. It pays attention to both EU law and to various instruments of the Council of Europe. Throughout the book's chapters prominent experts analyse contemporary debates, discuss new challenges and point out further lines of research. Via this exploration, the *Handbook* provides a source of inspiration for the development of this special field of law.

Covering a breadth of topic and research, scholars and practitioners alike will find this *Research Handbook* to be an invaluable source of information.
