Trapped for many years in the Underworld to avoid extinction, siren Noel is proud to be excelling in her training. Though Noel adapts quickly to her life, she forfeits her past, her friends, and her happiness to please the Commander. When she secures the chance to travel to Earth and hunt down a human, she believes this is her moment to shine. Desperate to accomplish something and hoping to finally prove herself, Noel leaps headfirst into her mission, but as things fail to go as planned, she begins to question herself, her trainers, and the thin line between good and evil. Theo just wants to be left alone. He has no patience for trivial high school antics and prefers to focus on what matters most. When new girl Noel arrives at his school, Theo tries in vain not to let her flashy style and annoying personality distract him from his goals. When disaster strikes his family, Theo drops all thoughts of irritation and fights to recover the peace in his family once more. As he struggles with tragedy, both past and present, secrets are revealed that will change his life and the lives of everyone around him, including the unsuspecting Noel.
