## **No Picnic: An Insider's Guide to Tickborne Illnesses** PJ Langhoff

Tickborne illnesses are the fastest growing global health threat. Many people are unaware they have Lyme disease or other tickborne infections. Standard lab tests are frequently inaccurate. Most doctors mistake tickborne infection symptoms. What you need to know is not only important, it can literally be life-saving. Now you can avoid the pitfalls of a wrong diagnosis, improper testing, and delayed treatment which leads to chronic illness. Learn all that you never knew you needed to know about tickborne infections in this short book. This book includes new information to the tickborne infection arena in an easy-to-read format that is written for the public and for professionals who have no time to read. Includes pictures to help identify ticks; rashes and symptoms of Lyme disease, and a list of laboratories around the world that perform diagnostic testing for tickborne infections. Learn the truth and a bit of history about Lyme disease and other tickborne infections. A great educational tool for friends, family, schools, legislators, physicians, and public health.
