Today's therapy-dog handlers recognize the need to be teammates with their dogs. Teaming with one's dog involves unobtrusively providing physical and emotional support as well as respectful guidance in what to do. Being a teammate requires attention to our own behavior, not just our dog's. This book reminds all handlers that being conscious of what we do with our dogs helps them do their best work, and also can increase the effectiveness of our visits.

Teaming with Your Therapy Dog teaches the STEPs of Teamwork and how those STEPs fit with the Therapy Dog's Bill of Rights. These general principles free handlers to apply them in their own way to their therapy dog's individual personality and work, and to everyday life at home! As the author writes, "The book explores a way of being conscious of what you do with and to your therapy dog to support him in his work. It describes functional principles of behavior you can learn and use immediately, either together as a package or independently." Using an exciting new methodology, the author guides readers to deepen their relationship with their dogs by acting consciously and respectfully.
