The Rotten Heart of Europe: Dirty War for Europe's Money

Bernard Connolly

The Rotten Heart of Europe: Dirty War for Europe's Money Bernard Connolly

'The Brussels Commission has just suspended its senior economist, Bernard Connolly, for writing a book savaging the prospects for a common currency. There are many who now believe he should be lauded as a prophet.' *Observer*, Editorial, 1 October 1995

'Mr. Connolly's longstanding proposition that the foisting of a common currency upon so many disparate nations would end in ruin is getting a much wider hearing...' *New York Times*, 17 November 2011

When first published in 1995, *The Rotten Heart of Europe* caused outrage and delight - here was a Brussels insider, a senior EU economist, daring to talk openly about the likely pitfalls of European monetary union.

Bernard Connolly lost his job at the Commission, but his book was greeted as a profound and persuasive expose of the would-be 'monetary masters of the world.' His brave act of defiance became headline news - and his book a major international bestseller.

In a substantial new introduction, Connolly returns to his prophetic account of the double-talk surrounding the efforts of politicians, bankers and bureaucrats to force Europe into a crippling monetary straitjacket. Hidden agendas are laid bare, skulduggery exposed and economic fallacies are skewered, producing a horrifying conclusion. No one who wants to understand the workings of the EU, past, present and future can afford to miss this enthralling and deeply disturbing book.
