The Courts, the Charter, and the Schools: The Impact of the Charter of Rights and Freedoms on Educational Policy and Practice, 1982-2007 Michael Manley-Casimir, Kristen Manley-Casimir

The adoption of the *Canadian Constitution Act* in 1982, with its embedded *Charter of Rights and Freedoms*, ushered in an era of unprecedented judicial influence on Canada's public policy. *The Courts, the Charter, and the Schools* examines how the Constitution Act has affected educational policy during the first twenty-five years of the Charter by analyzing landmark rulings handed down from appellate courts and the Supreme Court.

The contributors consider the influence that Charter cases have had on educational policies and practices by discussing cases involving fundamental freedoms, legal rights, equality rights, and minority language rights. Demonstrating why and how the Charter was invoked, interpreted, and applied in each of these cases, this volume also highlights the resulting consequences for Canada's public schools. An illuminating collection of essays by prominent legal scholars and educational commentators, *The Courts, the Charter, and the Schools* is a significant contribution to the study of educational law and policy in Canada.
