What do you get when you combine “CSI” science, the medicine of “ER,” and an acerbic, pain pill addict with a cane? “House MD,” the popular show on the Fox network, anchored by the biggest mystery in modern medicine, Gregory House.

In House Unauthorized: Vasculitis, Clinic Duty, and Bad Bedside Manner, the entire cast of the show is on the exam table: Wilson, Cuddy, Foreman, Cameron, Chase and particularly the cantankerous, but brilliant Dr. House.

What makes House tick? Why did he really hire Foreman, Cameron and Chase (and why is it so easy to believe he’s actually subjecting them to some sort of bizarre psychological testing)? What would House be like as a heating and plumbing repairman? And why doesn’t Wilson just stop talking to him already?

Answers to these questions are presented by a team of writers as talented as the team of doctors in House, MD. The prognosis? One heck of a good read.
