The Winter of the Robots Kurtis Scaletta

Seven feet of snow, four science-fair nerds, one creepy junkyard.

Get ready for the ultimate robot battle.

Jim is tired of being the sidekick to his scientific genius, robot-obsessed, best friend Oliver. So this winter, when it comes time to choose partners for the science fair, Jim dumps Oliver and teams up with a girl instead. Rocky has spotted wild otters down by the river, and her idea is to study them.

But what they discover is bigger—and much more menacing—than fuzzy otters: a hidden junkyard on abandoned Half Street. And as desolate as it may seem, there's *something* living in the junkyard. Something that won't be contained for long by the rusty fences and mounds of snow. Can Jim and Rocky—along with Oliver and his new science-fair partner—put aside their rivalry and unite their robot-building skills? Whatever is lurking on Half Street is about to meet its match.

From the Hardcover edition.
