## **Dinosaurs and Creation: Questions and Answers** Donald B. DeYoung

Children, adults, and scientists alike are fascinated by dinosaurs. However, nearly all discussions of dinosaurs in museums and textbooks assume a distant evolutionary beginning to the earth. How can Christians reconcile apparent scientific consensus with the biblical creation story?

Donald DeYoung demonstrates that evolution is not the only explanation for the existence and death of dinosaurs. He uses a question-and-answer format, supplemented by tables and figures, to offer the creationist explanation. The fifty questions include:

- What was the diet of dinosaurs?
- What happened to dinosaurs in the creation view?
- Did dinosaurs evolve into birds?

Appropriate for more advanced students, this book is a useful reference for home school and Sunday school teachers, parents, and anyone interested in dinosaurs.
