# Encyclical on Climate Change and Inequality: On Care for Our Common Home

*Pope Francis*

**Encyclical on Climate Change and Inequality: On Care for Our Common Home** Pope Francis  
The complete text of *Laudato Si'*, the landmark encyclical letter from Pope Francis that, as *Time* magazine reported, “rocked the international community”

In the *Encyclical on Climate Change and Inequality*, the beloved Pope exhorts the world to combat environmental degradation and its impact on the poor. In a stirring, clarion call that is not merely aimed at Catholic readers but rather at a wide, lay audience, the Pope cites the overwhelming scientific evidence of climate change, and does not hesitate to detail how it is the result of a historic level of unequal distribution of wealth.

It is, in short, as the *New York Times* labeled it, “An urgent call to action . . . intended to persuade followers around the world to change their behavior, in hopes of protecting a fragile planet.”

With an insightful and informative introduction by Harvard professor Naomi Oreskes, famed for her bestselling *Merchants of Doubt: How a Handful of Scientists Obscured the Truth on Issues from Tobacco Smoke to Global Warming*.

*From the Trade Paperback edition.*
