Expanding a Digital Content Management System: for the Growing Digital Media Enterprise (NAB Executive Technology Briefings) Magan H. Arthur

Building large integrated content management systems is a daunting task and there is little guidance for the implementation process for the mid-level manager. There are thousands of home grown or old standalone systems in need of upgrading and expanding to keep up with the growing challenge of digital media. This book allows the non-technical executive to understand the key concepts and issues. It covers the technical process and business aspects of expanding a system.
