Obama's America: Unmaking the American Dream Dinesh D'Souza

In his controversial *New York Times* bestseller, *The Roots of Obama's Rage*, Dinesh D'Souza answered the question on everyone's mind: why is President Obama hell-bent on seeing America fail? The reason, D'Souza explained, is Obama's fervent anti-colonial ideology. Now, in his blockbuster follow-up, *Obama's America*, D'Souza shows how President Obama is applying his anti-colonial ideology to unmake America and turn it into a country our Founders would hardly recognize. Obama came into office with an eight-year plan for America, argues D'Souza. In almost four years, he's crippled our economy, healthcare system, and global stature through invasive big-government policies. If he's re-elected in 2012, he will be able to finish the job, and destroy America's future. Making the case that Obama must be a one-term president, *Obama's America* reveals what unchecked power will do to this great nation—and is a must-read for anyone who cares about America and her future.
