Frederick de Wit

Lumen Picturae: A Classical Drawing Manual Frederick de Wit

Lumen Picturae is a pictorial guide to classical drawing as exemplified by the sublime work of the influential 17th century Dutch engraver Frederick de Wit. Presenting a carefully curated set of images never before seen outside of rare book archives, *Lumen Picturae* renders de Wits' incomparable figure drawings available to the public for the first time. In the tradition of Harold Speed's *The Practice and Science of Drawing*, Andrew Loomis's *Figure Drawing for All It's Worth*, Gottfried Bammes' *Der Nackte Mensch*, and George Bridgman's *Complete Guide to Drawing from Life*, the step-by-step visuals in *Lumen Picturae* are an indispensable handbook for visual artists both professional and amateur, and for readers of any age or language who want to incorporate the incomparable insight of classical Dutch figure studies into their drawing today.
