Motley Crue: A Rockview Audiobiography Chris Tettle

This exclusive Motley Crue audiobiog features Vince Neil backstage at Donnington, reminiscing over the band's wild tour with Ozzy Osbourne in the states - then a couple of years later, in Manchester, UK, with a cool, collected Mick Mars.

The Motley Cure legacy encompasses its share of extravagance and trappings, along with an array of backlashes, tragedies, accusations, and, in some corners, dark hatred. Party rock or glam rock, few were more glamorous or partied than the Crue.

This is not an authorised release by the record company or artist management, and sound quality varies, due to the nature of recording. This live audiobiog reveals intimate personal details and is a must-have for music fans, historians, and collectors.
