El poder curativo de la mente: Técnicas prácticas para gozar de buena salud y aumentar el poder mental (Spanish Edition) Rolf Alexander M.D.

Based on more than thirty years of research gleaned from Tibetan, Indian, and other cultures, *The Healing Power of the Mind* provides both spiritual insight and practical advice concerning the true nature of healing, showing how imagination, desire, the power of suggestion, psychic influence and the removal of limitations are valuable tools for maximizing our innate capacity for self-healing.

In the spirit of Bernie Siegel's *Love, Medicine and Miracles*, Dr. Alexander's book explores the body/mind connection and its enormous relevance to health. Originally published as a handbook for Dr. Alexander's patients and later as a popular paperback published by Warner Destiny books, this is a classic which has helped thousands find their way to health.
