The Fate Of Wisdom Rahmel Garner

This is a book for thinkers. It is a book that consists of psychogenic-spiritual-growth. It teaches how learning-and-living are religion itself. It reveals to us the many realities of illusion-and-truth. And of suffering-and-salvation, and opens our eyes to the sad fact of never attaining the perfection that we seek. It is a message that confounds us all and sanctifies our desperate plea for self-renunciation.
