This handy, simple guide walks the novice — or budget-minded — gardener through the entire process of cultivating marijuana. Unlike most such books that feature costly high-tech equipment, this one emphasizes household fluorescent bulbs and other inexpensive, easily available supplies. *Marijuana Buds for Less* is organized around a boldly photographed day-to-day planner, with each page a day in the life of the garden. Growers have a visual reference of their plant's progress with instructions on watering, feeding, lighting, and caretaking.
