Robert Schultz Drawings, 1990-2007

Andrew Stevens

Robert Schultz Drawings, 1990-2007 Andrew Stevens

Robert Schultz's figures, mostly nudes, are meticulously drawn, resulting in exquisite textures, highlights, and shadows. His closely observed and delicately wrought works deftly balance anatomy and sensuality, the human figure and the composition as a whole. The drawings, most in graphite, combine balance, stillness, and dynamism. His work makes us stop and pay careful attention. The catalogue *Robert Schultz Drawings, 1990–2007* accompanied the Chazen Museum of Art exhibition on view in the fall of 2008. Many of the drawings were loaned by private collectors and discerning art buyers from across the country. The catalogue presents a rare opportunity to see these works that, when viewed together, show the development of Schultz's style and technique.
