And Time Stood Still

Alice Taylor

And Time Stood Still Alice Taylor

Alice has known, loved, and lost many people throughout her life. Here she talks about her special people, her memory of what meant so much to her about them. She remembers her husband, father and mother, a beloved sister, her little brother Connie, and many others. She tells how she coped with the emptiness she felt when they died, of the seeming impossibility of moving on with life after such deeply felt loss, when time stood still.

This book is a sharing - it lets the reader in on a story and celebration of life in its intimacy, its small, precious moments. When we experience grief, sharing in someone else's story can help us more than anything, and in the hands of master storyteller Alice Taylor, we may find our own solace and the space to remember our own special people.
