Elizabeth the Queen: The Life of a Modern Monarch Sally Bedell Smith

“An excellent, all-embracing new biography.”—*The New York Times*

From the moment of her ascension to the throne at age twenty-five, Queen Elizabeth II has been the object of unparalleled admiration and scrutiny. But through the fog of glamour and gossip, how well do we really know the world’s most famous monarch? Drawing on numerous interviews and never-before-revealed documents, acclaimed biographer Sally Bedell Smith pulls back the curtain to show in extraordinary detail the public and private lives of one of the world’s most fascinating and enigmatic women. In *Elizabeth the Queen*, we meet the young girl who suddenly becomes “heiress presumptive” when her uncle abdicates the throne. We see the young Queen struggling to balance the demands of her job with her role as the mother of two young children. And we gain insight into the Queen’s daily routines, as well as her personal relationships: with Prince Philip, her husband of sixty-four years and the love of her life, her children and their often-disastrous marriages, her grandchildren and friends.

Scrupulously researched and compulsively readable, *Elizabeth the Queen* is a close-up view of the lively, brilliant, and steadfast woman we’ve known only from a distance, and a captivating window into life at the center of the last great monarchy.

With a new afterword by the author.

NEW YORK TIMES BESTSELLER

“[An] imposing, yet nimbly written, biography [that] dwarfs the field . . . a most satisfying and enjoyable read, one to be savored at length.”—*Minneapolis Star Tribune*

Exactly why? Because this Elizabeth the Queen: The Life of a Modern Monarch is an unordinary book that the inside of the book waiting for you to snap that but latter it will zap you with the secret this inside. Reading this book close to it was fantastic author who else write the book in such wonderful way makes the content interior easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any longer or you going to regret it. This book will give you a lot of positive aspects than the other book have such as help improving your expertise and your critical thinking way. So , still want to postpone having that book? If I were being you I will go to the guide store hurriedly.

Rena Campbell:

As a university student exactly feel bored to reading. If their teacher questioned them to go to the library in order to make summary for some publication, they are complained. Just minor students that has reading's spirit or real their interest. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Elizabeth the Queen: The Life of a Modern Monarch can make you truly feel more interested to read.
