Holistic Tarot: An Integrative Approach to Using Tarot for Personal Growth Benebell Wen

Designed for beginning as well as experienced tarot readers, *Holistic Tarot* offers a fresh and easy-to-follow approach to the use of the tarot deck for tapping into subconscious knowledge and creativity. The tarot deck has been used as a divination tool for more than two centuries; while the tarot is still most commonly thought of as "fortune telling," the true power of the tarot lies in its ability to channel a clear path for our deep intuition to shine through. Consulting the tarot can help clear creativity blockages, clarify ambitions, work through complex decisions, and make sense of emotions and relationships. Whether used for simple decision-making or an understanding of your life's purpose, learning tarot can be an indispensable tool for being more mindful of the factors that can assist or weaken your efforts toward success.

In *Holistic Tarot*, author Benebell Wen provides a complete guide to using the tarot to foster personal development. Wen gives a comprehensive overview of the history of the tarot and a wide array of theories on its use (including its relationship to Jungian archetypal psychology and traditional Chinese divination practices) before digging deeply into one of the best-known tarot systems, the Rider-Waite-Smith. Beginners will find a complete guide to working with the tarot, including choosing and caring for a deck, how best to learn and remember the attributes of the major and minor arcana, the interpretation of cards and spreads, the role of meditation in a tarot practice, and how to use the tarot for improving relationships, professional development, and personal resilience. More advanced practitioners will appreciate nuanced theoretical discussions of the tarot as well as practical advice about reading others' tarot cards and setting up a practice. Containing over 500 illustrations and detailed information on each card as well as numerous spreads, *Holistic Tarot* is a complete compendium of tarot study that every practitioner should have in his or her library.
