Manuel Jofré Berríos

Silencio. Nace una semilla: La movilización estudiantil (Spanish Edition) Manuel Jofré Berríos

Silencio. Nace una semilla es ensayo, testimonio y crónica. Se refiere al movimiento estudiantil chileno del 2011, donde emerge el nuevo sujeto político colectivo que Chile requería, que volvería obsoleto al régimen político y económico heredado de la dictadura militar.

Desde el punto de vista de las humanidades, se enfoca dinámicamente el conflicto, sus actores y las etapas de su desarrollo. Central es el antagonismo Gobierno versus estudiantes, las marchas y su insospechada aparición y los diversos mecanismos creativos de los jóvenes. Todos ellos inéditos.

Los estudiantes otra vez le enseñaron a los profesores. Recibieron la dura lección de los lumazos, el guanaco, las lacrimógenas y las distorsiones. Pero igual se hicieron escuchar por sobre la parchada Constitución de Pinochet y pusieron en jaque a la clase empresarial que maneja el país por algunas monedas.
