Sister's Love was a chart-topping girl group that had it all—fame, fortune, and then failure. Harmony, Melody, and Lyric haven't seen each other since their group broke up three years ago, but when tragedy strikes, the sisters have no choice but to face each other again.

Harmony, who retreated from the limelight, lives a modest life in the suburbs with her new husband, an ex-child star and recovering drug addict. She is fiercely protective of her husband and new baby, especially from her sister Melody, who always took everything Harmony had. Now, Harmony may not be not powerful enough to battle her own emotions surrounding her mother's death, let alone keep track of her husband's sobriety.

Melody, who abandoned her sisters for a solo career, is now a wealthy mega-star who tours the world, buys whatever her heart desires, and lives in the spotlight. She will stop at nothing to ensure that she always gets whatever she wants, even if money can't buy it. In the midst of her sold out 1 Night Stand tour, news of her mother's death forces her to face her sisters and her past. Realizing she is in a failing relationship with a superstar rapper, Melody lays eyes on her sister's husband and decides she deserves him, even if for only one night.

Lyric has become a B-list celebrity, desperately trying to make it back to the top. She lives for the rush of the nightlife and would do anything or anyone just to get the public attention she once received. Struggling with an addiction of her own, Lyric is almost broke and desperate for cash. When she walks in on Melody and her brother-in-law, Lyric sees it as her opportunity for blackmail, but will her need for money to feed her addiction overpower her loyalty to her oldest sister Harmony?

Will the sisters let their forced reunion rekindle past hurt, lies, and deceit, or will they try to put it all behind them and be a family once and for all?
