**The Arthasastra: Selections from the Classic Indian Work on Statecraft (Hackett Classics)** Patrick Olivelle, Mark McClish

The only extant treatise on statecraft from classical India, the *Arthasastra* is an invaluable resource for understanding ancient South Asian political thought; it also provides a comprehensive and unparalleled panoramic view of Indian society during the period between the Maurya (320-185 BCE) and Gupta (320-497 CE) empires.

This volume offers modern English translations of key selections, organized thematically, from the *Arthasastra*. A general Introduction briefly traces the arc of ancient South Asian history, explains the classical Indian tradition of statecraft, and discusses the origins and importance of the *Arthasastra*. Thorough explanatory essays and notes set each excerpt in its intellectual, political, and cultural contexts.
