The office can be a dangerous place. The same old daily routine has a tendency to reduce any inspiration for fun or imagination into tedious cubicles and spreadsheets. This is precisely the situation in which Doug Savage found himself. His creativity waning away under fluorescent lights of his office job, he finally discovered his own personal antidote: doodling some cheeky chickens on yellow sticky notes. He began uploading these drawings to his Savage Chickens blog in 2005, and over 18,000 cartoons later, his chickens are as clever—and absurd—as ever.

The *Savage Chickens* must too contend with their mundane office environment, but with a little help from their favorite colleagues and friends, it's not difficult for them to find diversions (read: trouble). From pirates and time-travelers to Middle Earth and M.C. Hammer, from the most sinister Happy Bear you'll ever meet to Marketing Chicken who is always attached to his martini, the Chickens' puns and wordplay will constantly thwart your expectations in surprising and humorous ways. This e-book original collection is not just an assortment of Savage's very best cartoons, but his *very very* best cartoons, composed of the wittiest, most memorable drawings to date. Bring it along on your commute to work, and suddenly the office might not seem like the death of amusement after all.
